

Culvert & Drainage Projects - 2018

Date:

February 2018 – April 2018

Location:

Victoria

Client:

Bayport, Sandridge Roads (for Melbourne Water) and Beveridge Williams

Project Details:

Jaydo have recently completed multiple culvert projects for varying clients across Victoria, including Bayport, Sandridge Roads and Beveridge Williams. Each project, with their own complexities and challenges, was completed within the allocated time and to budget.

Waterside Estate

Jaydo were tasked with completing a 47m 9-cell culvert section and 80m of DN2100 RC Pipe at Waterside Estate in Clyde North. The works were required to be laid over the APA gas main within the estate, with excavation, bored piers, base slab, placing of culverts and rock beaching all completed within the required timeframe.

Shelton Park Wetlands

As part of the Shelton Park Wetlands works for Melbourne Water, Jaydo were required to complete two box culvert crossings. The scope of works included 25m of twin cell 2.4m x 1.2m and 25m of twin cell 1.2m x 0.6m culverts along with all required rock beaching and reinstatement works.

Kaduna Park

Jaydo were contracted to complete the installation of approximately 450lm of 2.7m x 1.5m box culverts at Kaduna Park on behalf of Beveridge Williams. A 450mm diameter Gas transmission main was located in close proximity to the works, requiring the culverts to be installed with an offset of 2.7m and under APA supervision at all times.
